28 **RFI**

29 Chair Bistan introduces RFI agenda item. Asks for questions and comments. 30 P. Vaillancourt asks for clarification about social security numbers. How will the RFI 31 deal with states that do not use social security numbers? 32 **S. Nance** explains unique identifiers will be established in rulemaking. Some 33 compacts use testing numbers or some other unique identifier specific to 34 the profession. The responses to the RFI will not have confidential 35 information. 36 C. Schaal asks about application process and fee structure related to RFI. 37 o **M. Shafer** this would be established in a rulemaking process as well. 38 Typically the data system would also handle application process and fees. 39 J. Sacksteder asks about timeline and proposals received 40 o J. Thomas clarifies this has not yet been posted. Timeline is an example and 41 will be changed before posting when a deadline is set. 42 Deadline of May 5, 2025 established so that committee can review the responses at 43 the May 12, 2025 commission meeting. Motion 44 45 • P. Vaillancourt motions to release the RFI with amended May 5, 2025 deadline. 46 C. Schaal seconds. All members voted in favor, RFI is finalized. 47 48 49 50 51 52 **Discussion of Rule on Clinical Assessment:** 53 Chair Bistan introduces the agenda item. 54 B. Anderson speaks to looking for commonalities instead of anomalies. Would like 55 the rulemaking committee to look for what the states have in common. 56 o Chair Bistan agrees, want to make sure the rules committee comes out with 57 something that the commission can agree on. 58 **Chair Bistan** asks for input on diploma privilege counting as a clinical assessment. 59 S. Nance the commission can give directive to the rules committee as they 60 are drafting a rule. 61 P. Vaillancourt asks for more information about the Marquette diploma privilege. Does not want to single out one school inappropriately. 62 63 Chair Bistan explains that Wisconsin counts graduating from the 64 Marquette program as satisfying all clinical assessments required for

65 licensure in Wisconsin. The rules committee may not want to count 66 this pathway as it is an outlier. 67 Chair Bistan gives some further background on clinical assessments 68 and references the clinical assessments accepted by the ten current 69 member states. 70 S. Nance explains this question of Marquette is taking up some time in 71 testimony and having a clear answer from the commission would help 72 other states in their decision. 73 B. Anderson this is an anomaly, supportive of not allowing the Marquette diploma 74 pathway. 75 o C. Roner-Reiter, J. Sacksteder, Y. Morford, J. O'Brien, C. Schaal all agree with 76 B. Anderson 77 • C. Schaal concern that with Ohio's reciprocity laws, these Wisconsin dentists could 78 get an Ohio license after one year of practice. This is something to keep in mind with 79 the data system. 80 Chair Bistan there are still qualifiers outside of the qualifying license that a 81 dentist would need to meet, they'd have to check all the boxes to use the 82 compact. 83 S. Nance timely point as the commission looks at data sytstems. Make sure 84 there are ways to track clinical assessment and whether people meet that 85 requirement. 86 • Chair Bistan Clarifies that this does not need a formal vote yet. Summary that the 87 rules committee will not be considering Marquette diploma as meeting the clinical assessment requirement as they draft a clinical assessment rule. 88 89 90 Rules Committee Volunteers: Bridgett Anderson, Dr. Matt Bistan, Catharine Roner-Reiter, 91 Jamie Sacksteder and Corey Schaal 92 93 **Meeting Summary and Next Steps** 94 M. Shafer CSG will be sending out and posting the RFI, Rules Committee will meet, 95 these are also public meetings. S. Nance reviews the steps for rulemaking. The rulemaking committee will 96 97 draft a rule and vote it out to the commission, the commission will meet to approve the rule, there will be a public hearing with at least 30 days notice 98
